SKILL ENHANCEMENT WORKSHOP

A One-Day off-line training program was conducted on “Skill Enhancement workshop” by Dr. Renukananda K H and Dr. Priyaranjan Sharma, Assistant Professors, Department of Mechanical Engineering, RVITM, Bengaluru on 13.05.2022 (Friday) from 02.00 pm to 04.00 pm in Electronics and Instrumentation Lab (L-403). The Department of Mechanical teaching and non-teaching staff members have attend the skill enhancement training program. Our trainers such as Dr. Renukanada K H and Dr. Priyaranjan Sharma have trained our team members by showing the demo along with ECE and ISE department technical staff members on the following experiments as listed below:

1. Experiment on Interfacing of Multiple LED
2. Experiment on Interfacing of Switch and LED
3. Experiment on Interfacing Ultrasonic Sensor with Buzzer
4. Experiment on interfacing of IR Sensor with Relay and DC Motor

Our team members have actively participated and gained the skill and knowledge by attending the workshop. Finally, feed-back was taken and all the participants gave excellent feed-back about the workshop and trainers.
