Orientation for Agentic AI Workshop

****Date:**** 19th August 2025

****Venue:**** UG Seminar Hall

****Resource Person:**** Mr. Mayank Arora (CAPABL)

Introduction

An orientation session was organized on 19th August 2025 at the UG Seminar Hall for students registered for the upcoming Agentic AI Workshop. The session was conducted by Mr. Mayank Arora from CAPABL.

Participation

A total of 75 students registered for the workshop. The orientation aimed to provide them with an overview of the workshop structure and the one-month internship program that follows.

Highlights of the Orientation

- Briefing about the scope and applications of Agentic AI.
- Explanation of the workshop schedule and structure.
- Guidance on the hands-on approach and hackathon format.
- Information on the one-month internship for registered students.

Outcome

- Students gained clarity on the objectives and expectations of the workshop.
- They understood the value of the internship in providing industry-oriented exposure.
- The session motivated students to actively prepare and participate.

Conclusion

The orientation session by Mr. Mayank Arora was highly informative and interactive. With 75 students registered, the session laid a strong foundation for the Agentic AI Workshop and Internship Program, ensuring active engagement and participation.
