

Event Summary Report

Event: Agentic AI Workshop with Hands-on Hackathon

Dates: 12th & 13th September 2025

Venue: MCA Seminar Hall

Resource Person: Ms. Shikha Singh

The Department conducted a two-day Agentic AI Workshop on 12th and 13th September 2025 at the MCA Seminar Hall. The sessions were facilitated by Ms. Shikha Singh, who provided valuable insights into Agentic AI concepts, frameworks, and real-world applications.

The workshop saw the enthusiastic participation of 75 students from CSE and ISE departments. Students worked in teams during the hands-on activities and hackathon, which allowed them to practically apply their learning in solving AI-based problem statements.

The program enhanced students' technical knowledge, teamwork, and problem-solving skills. The event was highly engaging, interactive, and impactful, making it a successful initiative.
